

### Standing Committee Annual Work Plan

<b>Fiscal Year:</b> 2018/19			
<b>Committee Name:</b> Scholarly Communications Committee			
<b>Select the COLD Strategic Plan goal and/or ongoing activity to be addressed by the committee and provide a brief sentence connecting your project to the Plan:</b> <b>Goal #4:</b> Scholarly Communications and Openness. The project supports the CSU libraries efforts of educating our communities and workforce on issues related to open information.			
<b>Activity/Project Name and brief description:</b> Create a framework to support user education and library staff training around copyright and intellectual property issues - Note: most of the work related to #1 is in progress or has been completed by the Copyright work group; the role of the ScholComm group is to review the content.			
<b>Timeline:</b> <input type="checkbox"/> continuous project assigned in charge <input checked="" type="checkbox"/> short-term project that will be completed this year <input type="checkbox"/> multi-year project continuing past this year (expected completion date: _____)			
<b>Detail the steps and intermediate deadlines planned to complete the project. (add rows as needed)</b>			
<b>Specific Action</b>	<b>Due Date</b>	<b>Committee Point Person(s)</b>	<b>Resources Needed (e.g., financial*, technology, staff support)</b>
Create and launch <a href="#">informational website</a> on copyright topics.	2/1/19	Patrick Newell Carmen Mitchell	Web site at CO (obtained); web master time (Chico)
Develop and deploy "Copyright First Responders" curriculum for library staff training.	10/2019	Patrick Newell Carmen Mitchell	Travel funds for trainer (Kyle Courtney, Harvard University) at two locations (SJSU and CSUDH)
<b>Stakeholder Feedback:</b> (How will responsible parties and affected stakeholders be consulted and engaged in this work?)			

The Copyright Work Group (community of practice) has initiated and developed the content. The ScholComm committee will review and provide feedback to CWG.

**Assessment: How will success be measured?** (e.g., what indicators will be used, what tools will be used to collect data, and what targets will indicate success)? Web site: hits on the web page will be counted annually to indicate how well this is being used by CSU and other faculty; Copyright First Responders Training: pre- and post-testing will measure the impact of the program on those trained.
