All Library Council High-Impact Practices Activity

High Impact Practices
What do you or Library does that engages students or student employees that are related to HIP?

1. **First-year seminars & experiences**
   Working with Klamath Connection
   Linking Klamath Connection to Skillshops
   KC cohort in Scholars Lab (digital slide using Spec. Col. material)
   Collaboration with Ramp
   Thunderbolts
   HOP
   Skillshops
   Library Research Instruction
   (pre-first year experience working with SASOP students, McKinleyville HS, NPA)

2. **Common intellectual experiences**
   Klamath Connection
   Skillshops & Skilled Learner Certificate - student design their intellectual experiences w/other student/staff/faculty.
   Author's Hall
   Book Circles, Authors readings, unConference, poetry readings, L4HSU

3. **Learning communities**
   Skillshops- Skilled learners - working w/faculty & other departments
   Internships, Humboldt Scholar Interns
   unConference
   DML/unCon video contest
   L4HSU
   Klamath Connection
   Math Lab, writing lab
   Facilitating discussions
   Book of the Year events
   Thunderbolts (student athletes)
   ideaFest
   Digital Media via the DML

4. **Writing-intensive courses**
   Supporting courses w/ IL instruction
   Using Digital Media to incorporate the ideas of writing for different audiences in different disciplines using new modes of scholarly conversations.
   Book of the Year writing contest
   Ideafest Journal
   Skillshops
   Writing center
   Co-lab
   Book of the Year writing contest
   Peer to peer instruction in Writing Studio
   Student created finding aids

5. **Collaborative assignments and projects**
   Providing collaborative spaces & equipment
   Teaching about using collaboration software/tools
   Tours

CoLab
Use of DML
Scholar internships
Research instruction
Funding for interns to work on projects such as Special Collections. Interns usually collaborate across multiple disciplines.

6. **Undergraduate research**
   Ideafest and other poster sessions
   Supporting Undergraduate research in traditional library modes (collection, reference assistance).
   Supporting Undergraduate research in new modes, including video, audio, web, and other digital media
   HSU Press
   Skillshops
   Room for up-to-date books for essential research
   Journals and databases
   Publishing of student work via the institutional repository and Author's Hall

7. **Diversity and global learning**
   White Privilege/Fragility workshops with Tim
   Participation in Equity Alliance of the North Coast
   L4HSU
   Kumi's programming (based on relationships across campus and in the community)
   Skillshops
   Welcoming environment
   Collection development
   Campus Dialogue on Race Planning Committee
   Working with the MCC and International Programs
   Display cases feature a broad spectrum of subjects relevant to students

8. **Service learning and community-based learning**
   Events like unConference & Ideafest provide students with a platform to reflect on and share their SL & CBL experiences
   Equity Alliance of Northern Cal., City of Eureka and Redwood National Park collaborations/grants
   Internships/student assistants
   Connect students with community organizations
   unConference
   Ideafest

9. **Internships**
   DML, HR, Scholars Lab
   Library internships engage students much like undergraduate research

10. **Capstone courses and projects**
    Supporting students in their research for capstone projects
    Hosting events like Ideafest
    Sculpture walk
    Instructional Support
    Poster Sessions

11. **Presentations**
    IdeaFest
    unConferen**ce**
    L4HSU

12. **Expectations**
    Raising expectations for undergraduate research
    Library is a place that encourages student learning while producing the expectation that students can learn
